Custom Sheet, Bed Cover & Sleep System Pattern Making Instructions

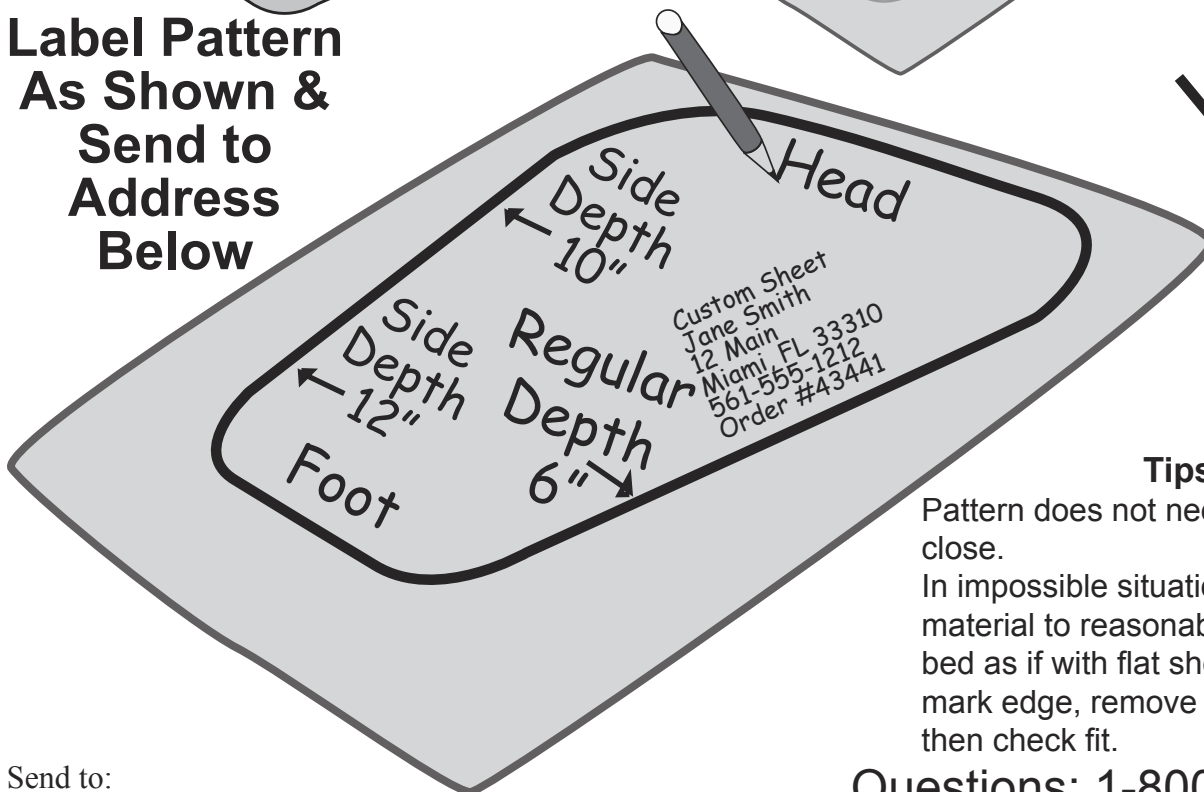

Place the pattern making material (translucent plastic) on mattress (trim if needed) and trace the edge of the mattress. Then write on pattern where the head and foot of the bed are and the regular mattress depth and and the location of any "angled" side depths, Also include your name address, city state zip, phone # and order number if any.

Pattern Over Mattress Trace Edge

Address
Below**

Tips:

Pattern does not need to be perfect, just close.
In impossible situations trim pattern material to reasonable size, make bed as if with flat sheet, use marker to mark edge, remove & cut excess and then check fit.
